Washington Aqueduct Section 308 Information Requirement May 2016 Response.pdf

CLASSIFICATION: UNCLASSIFIED

Andrew,

This is the monthly update on the solids removal from the Georgetown Sedimentation basins.

As you will see in the attached letter we nearly doubled the in-house dredging in the last 30 day period compared to the previous 30 days.

The contractor who will supplement the dredging is expected to receive a notice to proceed oab 31 May.

Tom Jacobus
